

IUFRO *Eight International Poplar Symposium (IPS VIII)*

“Poplars and Willows in the Era of Global Change: Agroforestry, Environmental Improvement, and Ecosystem Services to Enhance Livelihoods”

October 4-6, 2022, Novi Sad, Serbia

**FREE
REGISTRATION**

**EXTENDED DEADLINE
May 31st**

Third announcement

Dear Participants,

Institute of Lowland Forestry and Environment (ILFE) (former Poplar Research Institute) from Novi Sad, Serbia is honored to host the IUFRO *Eight International Poplar Symposium (IPS VIII): Poplars and Willows in the Era of Global Change: Agroforestry, Environmental Improvement, and Ecosystem Services to Enhance Livelihoods*

Unfortunately, due to the ongoing pandemic, the IPS VIII will be held virtually. Nevertheless, we will minimize the challenges of online conferences and provide opportunities for participants to present their work and network with one another. Therefore, the Organizers have decided to provide **free registration for all participants**.

Also, the selected paper from the Symposium will be published in the peer-reviewed journals with cost free submission:

- International Journal of Phytoremediation (5-year Impact Factor: 3.275)
- BioEnergy Research (5-year Impact Factor: 3,052)

THE DEADLINE FOR REGISTRATION IS EXTENDED TO MAY 31, 2022.

The Symposium will host following invited speakers that present different regions where poplars and willows are grown and their research expertise is well recognized in the poplar and willow society:

- Teresa Cerrillo, INTA, Argentina
- Raju Soolanayakanahally, Agriculture and Agri-Food Canada, Canada
- Ian Mclvor, The New Zealand Institute for Plant and Food Research Limited, New Zealand
- Nerea Oliveira, Forest Research Center (INIA-CSIC), Spain
- Niels Thevs, Central Asia Office of World Agroforestry (ICRAF), Kyrgyzstan

All the information related to the registration and participation can be found at <http://ips2022.ilfe.org>
