

Somatic Embryogenesis and Other
Vegetative Propagation Technologies

Conference theme and title

IUFRO Theme 2: Forests and Forest
Products for a Greener Future

*Clonal trees in the bioeconomy age:
opportunities and challenges*

Aim of the conference

To bring together
specialists and stakeholders
interested in different areas
of tree cloning,
to exchange ideas and
information and to establish
new lines of research for the future

Conference topics

- 
- Somatic embryogenesis
 - Other cloning techniques
 - Tree Breeding
 - Genetics and epigenetics
 - Large-scale cloning and industrial production
 - Field assays of cloned material
 - Complementary technologies
 - Social and regulatory issues
- 

Hosting organization

Centre for Functional Ecology, Department of
Life Sciences, University of Coimbra
Calçada Martim de Freitas, 3000-456 Coimbra
PORTUGAL
