

# ForestSAT 2014

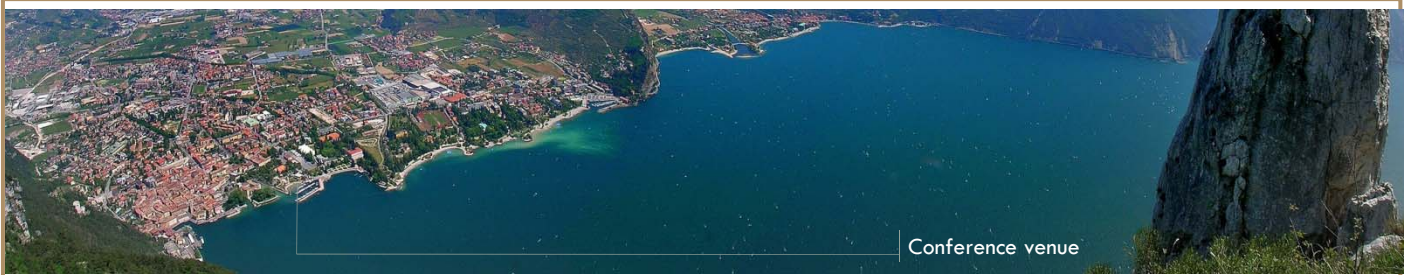

4-7 November 2014  
Riva del Garda (Trento), Italy

A conference promoting science-based applications of  
remote sensing and other spatial data in forested systems

# First Call for Papers

Conference venue

### Introduction

ForestSAT 2014 is the 6<sup>th</sup> in a series of international conferences promoting scientifically based understanding of how spatial analysis technologies can help describe and monitor forested systems. ForestSAT 2014 will be held in the conference center located in the picturesque town of Riva del Garda on the north shore of Lake Garda, in the north east of Italy. Previous conferences were held in USA (2012), Spain (2010), France (2007), Sweden (2005), and Scotland (2002). Delegates typically represent research organizations, universities, agencies, and the private sector.

### Overview & Themes

ForestSAT 2014 conference is aimed at promoting the integration of earth observation with other geo-spatial applications and traditional forest sciences. The conference covers all possible scientifically-based developments and applications of remote sensing and GIS tools for monitoring, mapping or modeling forest systems. Aiding a better understanding of their functioning, and supporting their inventory and sustainable management. Conference themes will include:

- Forest mapping and inventory
- Ecosystem modelling
- Proximal sensing
- Forest management and policy
- Unmanned aerial vehicle
- Data processing techniques
- Education

### Abstract Submission

Deadline for the submission of abstracts for oral or poster presentations is **30 April 2014**. Authors will be informed of acceptance by 30 June 2014. Online submission details can be found at the website: [www.forestsat2014.com](http://www.forestsat2014.com)

- An extended abstract (max 1000 words) is required for each paper submission
- A maximum of two abstract submissions per person; a single presenter is allowed to present a maximum of two papers.
- Authors will be given the opportunity to have their paper(s) considered for a special issue of a peer-reviewed journal.

### Registration

Registration fees are yet to be determined but will likely include:

- admission to all sessions
- all printed materials
- refreshments
- welcome & poster receptions
- daily coffee breaks & lunch
- conference dinner
- discounted rate for students

Early bird registration: **15 July 2014**. After this date a late registration fee will be assessed.

### ForestSAT2014 is co-organized by:

### Important dates

1st call for abstract	December 2013
2nd call for abstract	February 2014
3rd call for abstract	April 2014
Deadline for abstract submission	30 April 2014
Notification of abstract acceptance	30 June 2014
Deadline for early registration	15 July 2014
Deadline for registrations	30 September 2014

In coordination with:
