TREES, PEOPLE AND THE BUILT ENVIRONMENT II

Urban Trees Research Conference 2-3 April 2014

University of Birmingham, Edgbaston, UK

ONLINE BOOKING NOW OPEN

THE premier international urban tree research conference, Trees, People and the Built Environment (TPBEII) is back, even bigger and better than before. Join over 400 fellow professionals in the natural and built environment sectors for:

- /// An outstanding two-day programme
- /// A world-class line-up of experts from the UK and abroad, including, Brazil, Canada, China, France, Indonesia, Switzerland and USA
- /// Ground-breaking, relevant new research plus practical guidance
- /// Unrivalled networking opportunities

Keynote Speakers

Sir Terry Farrell OBE, one of the UK's leading architect planners
Prof Timothy Beatley, Professor of Sustainable Communities, University of Virginia
Prof Herbert Girardet, co-founder of the World Future Council

Conference After-Dinner Speaker

Clive Anderson, President of the Woodland Trust, writer and presenter

TPBE II provides a unique forum where key professionals will come together from across the globe to discuss common concerns, collaborate, share knowledge, and work together for a greener and more sustainable future for our towns and cities.

TPBE II is brought to you by a pan-industry partnership of over 20 renowned organisations, and hosted by the Institute of Chartered Foresters as its National Conference. The conference also has support from HRH The Prince of Wales.

Visit the TPBE II webpages for all you need to know about:
