

Chemical Ecology Practicum

When

20-31 October 2025

Participation will involve both the short-course (October 20-26) & participation in an IUFRO Working Party meeting (October 27-31) focused on the chemical ecology and management of forest insects. Participation in the working party meeting is optional but strongly encouraged.

Where

African Centre of Chemical Ecology (ACCE)

Forestry and Agricultural Biotechnology Institute

University of Pretoria, South Africa

INSTRUCTORS • [Andres Gonzalez](#) • [Almuth Hammerbacher](#) • [Yusuf Abdullahi](#) • [Christian Pirk](#) • [Jeremy Allison](#) • [Quentin Guignard](#) • [Elisa Pal](#)

PROGRAMME • [Sampling techniques](#) • [GC injection](#) • [GC-EAD EAG](#) • [GC-MS](#) • [Micro-reaction technique](#) • [Laboratory Bioassays](#) • [Field Bioassays](#)
