ANNOUNCEMENT

The Research Institute of Tropical Roots and Tuber Crops (INIVIT), the Ministry of Agriculture of the Republic of Cuba, and the Agricultural Business Group, announce the VI International Symposium of Roots, Rhizomes, Tubers, Plantains, Bananas and Papaya, INIVIT 2025, which will take place from October 7-10th, 2025 in Meliá Internacional Varadero Hotel, Cuba. It will be a magnificent opportunity for the academic, scientific, and professional exchange among researchers, producers, specialists and representatives from different institutions and countries, as a way of managing scientific knowledge to promote science and innovation in favor of food and nutritional sovereignty. The Symposium will also have speakers from prestigious institutions. Other activities will be developed such as: technical forums, meetings of business opportunities and satellite meetings of scientific associations, organizations, network and working groups. The 1st Workshop "Empowered Women: Strengthening Capacities and Autonomy" will have a special space to highlight the role of women in different sectors of society.

PRESENTATION

- Abstracts and papers should be written in the official languages of the event: Spanish or English.
- It will be possible to participate through face to face or virtual presentations, with oral papers or posters.
- There will only be accepted in the Symposium, the papers that fulfill the established norms.
- The Scientific Committee of the event will make a selection of the papers that fulfill the established handwriting requirements, to recommend their publication to “Agricultura Tropical” journal (ISSN on line: 2517-9292), which belongs to the Research Institute of Tropical Roots and Tuber Crops (INIVIT).

PRESENTATION FORM OF THE ABSTRACTS

- Title written in Arial, size 14, in Bold, CAPITAL LETTER, centered, no more than 15 words.
- Author (s)' name (s) and surname (s), institution (referring to each author), country, telephone number and email written in Arial, size 10. Topic in Arial, size 12.
- The abstract text will not exceed 250 words. The abstract should offer information about the introduction, objectives, methods used, main results and conclusions. It will have a maximum of five keywords that describe the paper content, written in small letters in Spanish and English, and separated by semicolons.
- The format will be Microsoft Word, in letter size (8.5 x 11), with single spacing, 2.5 cm margins, justified.

Online enrollment registration, scan QR code
